

## **UAEU Faculty Excellence Awards**

Academic Year 2014-2015

The UAEU values faculty who excel in their teaching, scholarship and service. It operates a Faculty Excellence Awards Program that gives formal recognition to individuals who have achieved these standards and have thus made outstanding contribution to the University's Mission. The awards are applicable to all full-time faculty members and instructors.

The excellence award winners at both University and College levels are listed in Tables 1 and 2, respectively. These award winners will be acknowledged during the Annual University Convocation for Academic year 2015-2016.

The selection criteria for each category of faculty excellence awards at college and university level are posted on the Academic Personnel Webpage and are stated in the Academic Personnel Policies Manual- section 7 under Faculty Excellence Awards Program ([http://www.uaeu.ac.ae/en/about/policies/academic\\_personnel/pol\\_pro-ap\\_07\\_en.pdf](http://www.uaeu.ac.ae/en/about/policies/academic_personnel/pol_pro-ap_07_en.pdf)).
