Procedure for Final Exam Overloads Spring Semester 2016/2017

Final exam overload is when a student has **more than two (2)** final exams scheduled on the same day in the official final exam schedule published by the Office of the University Registrar. When a student has a final exam overload (3 or more final exams scheduled on the same day), he or she has the **option** to request an alternate date within the final exam week to take the exam of one of the classes. **An alternate or make-up final exam date is not permitted for Common Exams.** The overload exam for which an alternate date is permitted is the regular course which has the highest **course number** regardless of the department offering the course (for example, MGMT 365 has a higher course number than HIS 224).

The alternate date and time for the overload final exam should be determined in consultation with the instructor and should not conflict with the student's other scheduled final exams. The alternate date may be during one of the identified "Make-up Exam" periods **or** at another time agreed upon by the student and instructor.

To receive an alternate date and time for a final exam overload, **the student must notify the instructor and the Advising Unit in his or her College in writing of the final exam overload and his or her request for an alternate final exam date at least two (2) weeks prior to the first day of final exams for that semester. For Spring 2017, this deadline is Sunday 30-04-2017 if you have any questions or queries please do not hesitate to contact your college Advising Unit or Enrollment Deanship.**
