Sociology	Sociology	Full Semester (2 days/week)	3	Passed all courses, Internship during last semester.

College of Medicine and Health Sciences (CMHS)

CMHS graduates have to do **one year of internship** in the hospital (managed by SEHA, DHA and MOH) before getting the license to practice or enroll in the residency program. The internship experience does not have any associated credit hours.

CMHS students have the opportunity to work at overseas hospital or hospitals in the UAE in the specialty of their choice during their internal or external elective courses which is part of the curriculum. During summer, students have options to engage in a non-credit bearing activity such as research study or hospital work.
