Graduate Student Development Activities

Graduate students have access to a series of extra curricular activities offered by the CGS and other units of the University on a regular basis during the academic year. The intent of these activities is two folds:

- 1 To provide students with practical skills that will help them during their studies and
- 2 To supplement their education with specific training that can enhance their preparation for careers.

Most of the activities are planned on a semester-by-semester basis and are announced in advance on the CGS's website.
