

Ph.D. Studentship at the Department of Mechanical Engineering

Positions for a Ph.D. student is available in the Department of Mechanical Engineering at the College of Engineering, United Arab Emirates University. The research is focusing on pulsed laser ablation process to produce colloidal alloys nanoparticles. Candidate must have obtained MSc degree in material science, mechanical engineering, or related fields. Experience in fabrications and characterization of nanomaterials is a plus. The candidate must register for his PhD for fall 2022 in Mechanical Engineering-UAEU. The requirements to be accepted to the UAEU Ph.D. program are:

- A minimum GPA of 3.0 out of 4 with MSc or a minimum GPA of 3.7 with BSc
- A minimum IELTS score of 6.5
- Two letters of recommendation

If accepted, the Ph.D. candidate may be supported by the UAE University for 4 years with stipend, full tuition fee waiver, and health insurance (for more detail see: <http://www.uaeu.ac.ae/en/cgs/scholarship.shtml>). Only highly qualified candidates will be contacted. Interested candidates can send CVs to ahmourad@uaeu.ac.ae.
