Abstract

The Civil Liability for damages resulting from medical products. This thesis deals with the civil liability with regard to pharmaceutical drugs and medical products under the Comparative Law. It clarifies the nature of medical products and the conditions of liability whether at the personal or objective levels.

Furthermore, this thesis examines the rules and effects of liability, and how to file claims for compensation, as well as how to pay this responsibility and what are the main cases of exemption.

Finally, this thesis deals with the insurance as a solution to ensure that the injured person is compensated.

Keywords: medical products, objective liability, Doctor, manufacturer, Consumer Protection Law.
