The background of the entire page is a complex digital graphic. It features a world map with white human icons connected by lines, suggesting a global network. Various icons are scattered throughout, including Wi-Fi symbols, bar charts, a battery with a 10% charge indicator, a green square icon, musical notes, and binary code (0s and 1s). The overall color scheme is a gradient of blues, from light to dark. In the lower half, there is a dark blue horizontal band containing the brand name and a section title. Below this band, the image shows a close-up of a silver, multi-tiered cylindrical object, possibly a pen or a part of a gift set, resting on a dark surface. A black USB power bank with '5V IN' and '5V OUT' ports is visible in the bottom left, and a silver pen lies horizontally across the middle of the lower section.

A woman with blonde hair and red glasses, wearing a black and white striped shirt, is pointing at a diagram on a whiteboard. The diagram shows a process flow with circles labeled 'IMPLEMENT', 'EVALUATION', and 'GENERATING IDEAS', connected by arrows. There are also sticky notes with words like 'ORIGINAL', 'SOLUTION', and 'VIEWS'. Below the diagram, there is a list of names under the heading 'TEAM A': JEN, KELLY, SARAH, HEATHER, PETE, KENNIS, CHARLYNE, JACK, and ARJUN. In the foreground, there are several black pens and notebooks stacked on a desk.

Digital Scale

The unique T-Bar design makes it easy to accurately weight any type of bag from a small laptop bag to a full size suitcase. The Scale will weigh up to a whopping 50kg (110lbs) and the unit of measurement can be changed at the touch of a button. The scale weighs just 125g so it is light enough to carry with you on your travels to prevent those nasty excess baggage charges on your return trip.

Stress Balls

STP-2

A stress ball is a small, malleable ball that fits comfortably in the palm of a hand. Emotional stress can be relieved by tightly squeezing the stress ball, and it can also be used to relieve pain or discomfort from repetitive movements (like typing on a keyboard all day). Stress balls are popular promotional items for corporate branding because of their low cost and incredible customization options. These tension relievers come in a variety of different styles, colors, fabrics, and shapes.
