

JOB VACANCY FORM

Job Reference No.: JV078

Company Name: **Statistics Center Abu Dhabi (SCAD)**

Company Type: Government

Job Position/Title:	Survey Analyst	Academic Major:	All IT Majors
Salary Range:	30+	Years of Experience:	Fresh Graduate or someone with a minimum of 2 years of experience
Job Location:	Abu Dhabi	Job Type:	Full-time
Nationality:	Only UAE Nationals	Gender:	Male or Female
Job Description:	- The Survey Planning, Design and Processing section provides methodological leadership and technical statistical services to SCAD, so that our collections and outputs are based on sound statistical methodology and standards. This is essential for producing Official statistics that are trusted, of high integrity and quality. - You have the opportunity to work in a leading and positive environment that is committed to developing people and supporting personal growth. You will make a valued contribution that will influence and support future government, business and social growth. - As a Survey Analyst in Survey Planning, Design and Processing you will be part of a dynamic, supportive team that is involved in a variety of interesting work including: - developing and applying statistical methodologies - investigating, analysing and undertaking research - working with most other areas within SCAD.		
Minimum Qualifications:	You will have: - qualifications in mathematics or statistics or computer science - good statistical or mathematical skills - good computing skills, as all the work has a large computing component, including the manipulation of data and writing programs to apply the techniques used (an ability to use tools such as SAS, R, SPSS would be an advantage) - have good communication and relationship skills - an ability to transfer your knowledge to others - an ability to provide good customer service. - have experience in this field, although we will also consider promising entry level candidates.		
No. of Positions Required:	4		
Job Close Date:	Open Until Filled
