Job Reference No.: JV351

Company Name: Sharjah Higher Colleges of Technology

Company Type: Government

Job Position/Title:	General Education – Emirati Studies Faculty	Academic Major:	Relevant major in General Education Discipline
Salary Range:	Commensurate upon qualifications and experience	Years of Experience:	3 year's teaching at a tertiary level.
Job Location:	Sharjah	Job Type:	Full-time
Nationality:	UAE Nationals Preferred	Gender:	Both
Job Description:	Position Summary The Higher Colleges of Technology is seeking Faculty to develop and deliver thematic and interdisciplinary courses in Emirati Studies of the General Education program at its Sharjah Colleges. Candidates should have in-depth knowledge and understanding of the history, geography and economy of the UAE; it's demographic, cultural and religious diversity; and its place in, and relations with, the Gulf region. Emirati Studies also explores contemporary issues in Emirati society, including the role of women; the impact of technology, media, and globalization; and the role of the responsible citizen. By using various learning methodologies that support a learning by doing philosophy, curriculum is taught to second language learners within a student-centric learning environment that fosters respect for students, their culture, and traditions. Faculty members play an important role in assisting with the development and preservation of system-wide and directorate-specific policies, and are viewed as active participants in academic and extra-curricular events at the College and within the community. Applications from Emirati Nationals are preferred.		
Minimum Qualifications:	• A Master's Degree in a relevant General Education discipline • A minimum of 3 years teaching experience at tertiary level. • Must be able to provide instruction at various levels within the program areas • Experience in developing course curriculum as per accreditation and international standards • Effective presentation skills, both theoretical and practical • Excellent verbal and written communication skills and a demonstrated competency to interact with people at all levels of the organization • A high degree of computer literacy and demonstrated ability to integrate technology into the learning environment and teaching methodology • Current knowledge of teaching practices, trends and issues • The ability to function as a team player within a multi-cultural work environment
