JOB VACANCY FORM[®]

IMPORTANT: The information presented in this document can be shared only internally at UAE University!

Job Reference No.: JV477

Company Name: **YouGov**

Company Type: Private

Job Position/Title:	Graduate Researcher	Academic Major:	Business and Economics; Humanities & Social Sciences
Salary Range:	Competitive	Years of Experience:	Fresh Graduate
Job Location:	Dubai	Job Type:	Full-time
Nationality:	Any Nationality	Gender:	Male or Female
Job Description:	At YouGov we are proud of our diverse, fearless and entrepreneurial nature. We don't just ask the questions – we are far more inquisitive than that! We want the deeper insights, we want to know what people are thinking and doing, all over the world, all of the time – how do they think? What is motivating them? What are the stimulants? Where is the energy? This is the mission that drives our business - we want to know 'What the World Thinks'. The YouGov Graduate programme provides exceptional graduates with an opportunity to experience work and life at YouGov, offering a first-hand experience of our business and culture. Successful candidates will be given the opportunity to rotate around our Quantitative and Qualitative research teams and within the Operations department, as well as spend time in the Sales team, and other various parts of the business. You will have the opportunity to work on real projects, with real clients. You will have access to the YOUiversity – an internal training programme that will develop your skills in a number of areas. Not only will this give the successful candidates a thorough understanding of how research works, but it will also enable you to get a thorough understanding of how the business works. This is an opportunity to join an organisation where the work is challenging, exciting and rewarding, so if you are interested in human behaviour, then contact us now!		
Minimum Qualifications:	• Bachelor degree Personal skills & attributes • Excellent written and spoken English (writing experience, aside from academic essays, is beneficial) • Good numerical skills as well as an understanding of quantitative and qualitative data and statistics • An understanding of Microsoft Excel • An ability to meet constantly shifting deadlines • A keen eye for detail • IT literate • Be able to work as part of a team, but also be confident to use
