| <b>Job Description:</b>           | <p>Our client, a multinational Oil and Gas company is urgently looking for an IT Helpdesk Analyst. For this role, you will be primarily responsible for providing general IT networking support, via remote or direct interfacing with the users. This role requires someone who is willing to work (on occasional basis) outside the normal working hours. As the role, most of the time will be done remotely, it is important that the candidate has strong communication skills both in English and Arabic. Ideal candidate should have a degree in IT and fresh graduate may be considered.</p> <p><i>*with family book and UAE passport.</i></p> |                             |                                          |
| <b>Minimum Qualifications:</b>    | Bachelor's degree                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                             |                                          |
