

DEAN'S MESSAGE

The UAE Centennial 2071 plan embarks on a bold vision for the future in which engineering education and innovation are central to success. Engineering education provides a fundamental framework in which students learn to combine science, technology, and innovation to conceive of creative solutions that improve the quality of life. The College of Engineering (COE) at the United Arab Emirates University (UAEU) curricula are rich in experiential learning opportunities that foster a culture of confidence, innovation, and know-how needed for transformational advancement of society. The UAEU College of Engineering is preparing the next generation of leaders for the 21st century economy.

The College of Engineering hosts five main departments offering an array of undergraduate, master and PhD programs. These departments include Architectural Engineering, Chemical and Petroleum Engineering, Civil and Environmental Engineering, Electrical Engineering, and Mechanical Engineering. All undergraduate programs are ABET accredited. The high quality of our undergraduate and graduate programs is supported by a highly distinguished faculty and staff, committed to the success of our students and advancement of knowledge.

Students joining the COE are greeted in a student centric nurturing environment and are provided with sports, recreation, and club activities. In addition, the COE students engage in many career development activities including, academic research, engineering internships at high-tech companies, and design and build innovation activities.

I welcome you to the College of Engineering where you will have the opportunity to study with some of the top professors in the world. I encourage you to work hard and take full advantage of the educational opportunity in front of you. Remain open minded, inquisitive, and challenge your own perceived boundaries. Together we will engineer a better future.

Prof. Mohamed H. Al-Marzouqi
Dean, College of Engineering

QUICK FACTS

Estd.
1980

Accredited by ABET

Accredited by CAA

8 Undergraduate Programs
8 Master's Programs
5 Ph.D. Programs

High Employability Rate

WHAT PROGRAMS DO WE OFFER?

UNDERGRADUATE PROGRAMS:

Aerospace Engineering (Not yet accredited by ABET – only CAA)
Architectural Engineering
Chemical Engineering
Civil Engineering
Communication Engineering
Electrical Engineering
Mechanical Engineering
Petroleum Engineering

MASTER'S PROGRAMS:

Architectural Engineering
Chemical Engineering
Civil Engineering
Electrical Engineering
Engineering Management
Mechanical Engineering
Petroleum Engineering
Water Resources

PhD PROGRAMS:

Architectural Engineering
Chemical Engineering
Civil Engineering
Electrical Engineering
Mechanical Engineering

WHAT CAN I DO WITH MY DEGREE?

Architectural Engr.	Aerospace Engr.	Chemist	Communication Engr.	Process Engineering
Real Estate Developer	Automotive Engr.	Drilling Engr.	Control and Instrumentation	Sales Engineer
BIM Engr.	Propulsion Engr.	Production Engr.	Engr.	Protection & Recy cling,
Construction Manager	Aeronautical Engr.	Reservoir Engr.	Surveyor	Pharmaceutical Industry
Facilities Engr.	Airforce Engr.	Civil Engr.	Network Engr.	Food Engineering
Maintenance Engr.	Mechanical Engr.	Structural Engr.	System Analyst	Polymers Industry
Architect	Chemical Engr.	Environmental	Project Manager	Nanotechnology
Consultant	Nuclear Engr.	Engr.	Materials Engr.	Chemicals
Site Engr.	Petroleum Engr.	Transportation	Satellite Engr.	& Allied Products
3d printing Engr.	Petro physicist	Engr.	Wastewater Treatment	
			Biofuels	

ADMISSION

STUDENT TESTIMONIALS

"My college experience was amazing. I learned a lot, made new friends and attended many events. I also developed many positive qualities such as team work. This is reflected in my daily life and has made me more confident about myself."

Marwan Suhail Musallam,
Architectural Engineering

"As well as top research facilities, the department offers a friendly atmosphere with world-class faculty."

Salem Al Mahri,
Mechanical Engineering

Why Choose COE?

- 1 International accreditation**
All undergraduate programs are internationally accredited by ABET and UAEU is internationally accredited by WASC.
- 2 You learn from the best**
Our elite team of professors and researchers have graduated from highly reputable universities all over the world with a vast experience of modern teaching and research methodologies.
- 3 Increasing demand for engineers**
Many career opportunities available to graduates with attractive salary packages.
- 4 Become an industry leader**
Many graduates from the College of Engineering have gone on to become pioneers and leaders in the industry.
- 5 Best internships opportunities**
Students receive the best training because of the partnership agreements between the university and leading companies in industry such as ADNOC, Dassault and STRATA.
- 6 Opportunities for creativeness and innovation**
The college hosts and participates in leading annual innovation events and competitions in which students are encouraged to participate.
- 7 State – of – the – art scientific laboratories**
The College of Engineering has 44 labs equipped with all the latest tools and equipment.
- 8 Scholarships available**
Many companies provide several types of scholarship for engineering students.
- 9 Ample opportunities to get involved**
COE offers a host for student clubs, organizes many field trips and a wealth of extra-curricular and life-enhancing activities and experiences including participation in scientific and research conferences to enrich your university experience.

STUDENT SUPPORT

Financial Aid
Health Services
Special Needs Services
