3. Manuscript preparation services:

- **Technical Peer Review:**

Two experts will perform an extensive manuscript peer review. They will investigate every research element of your paper, such as:

- Soundness of study design,
- Reporting of method
- Significance to field
- Ethical soundness, and sufficiency of data analysis.

They will also provide a detailed check of journal compatibility to minimize chances of rejection.

- **Journal Selection Service:**

Maximize your chances of publication by letting our team match you with the most appropriate journals for your particular research and requirements. Our team of experts hold extensive experience in peer reviewing and editing for international journals in your field of study. Simply send us your criteria, and we will present you with the top 3-5 journals best suited to your manuscript and preferences. What's more: Our team will provide vital feedback for your manuscript, including suggestions on how to improve your paper.

- **Journal Submission Service:**

Whether it is a doctoral submission or new research, academics face a number of challenges when submitting their work to journals, from complicated formatting and submission instructions to urgent deadlines. Our journal submission experts are skilled in submitting papers to various international journals. When your manuscript is ready for submission, let us complete this tedious process on your behalf.
