

Application Achievements

The background of the slide features a photograph of two men in traditional Arab clothing, including white thobes and red-and-white checkered ghutras. They are both looking down at a tablet computer held by one of them. The image is slightly blurred and has a warm, orange-toned overlay. The title 'Application Achievements' is positioned at the top left in a white sans-serif font against a solid orange rectangular background.

UITS is responsible for delivering a wide-range, integrated set of technology solutions that enables UAEU to accelerate the way we conduct business, supporting diverse academic and administrative functions. We continues to maintain balance among modernizing existing solutions, charging ahead with new solutions, and continuing to operationalize best practices.
