

STRONG PASSWORDS

Well don't make it too easy !
Your password should be easy
to remeber but hard to guess!

Time to change my password
again ! better choose
something easy so that I can
remember it !

Follow these easy tips to make sure that your password is easy to remember but hard to guess !

- Is at least eight characters long.
- Includes at least one character from three of the following four categories:
 - Uppercase characters (A to Z)
 - Lowercase characters (a to z)
 - Numbers (0 to 9)
 - Symbols (for example: !, \$, #, %, etc.)
- Do not include three or more consecutive characters from your login or full name.
