

Download UAEU Smart phone apps via Internal Store

UAEU Smart phone apps can now be accessed from Internal Store instead of the public stores of your Mobile Phone. The internal Store is called **Intune Company Portal**.

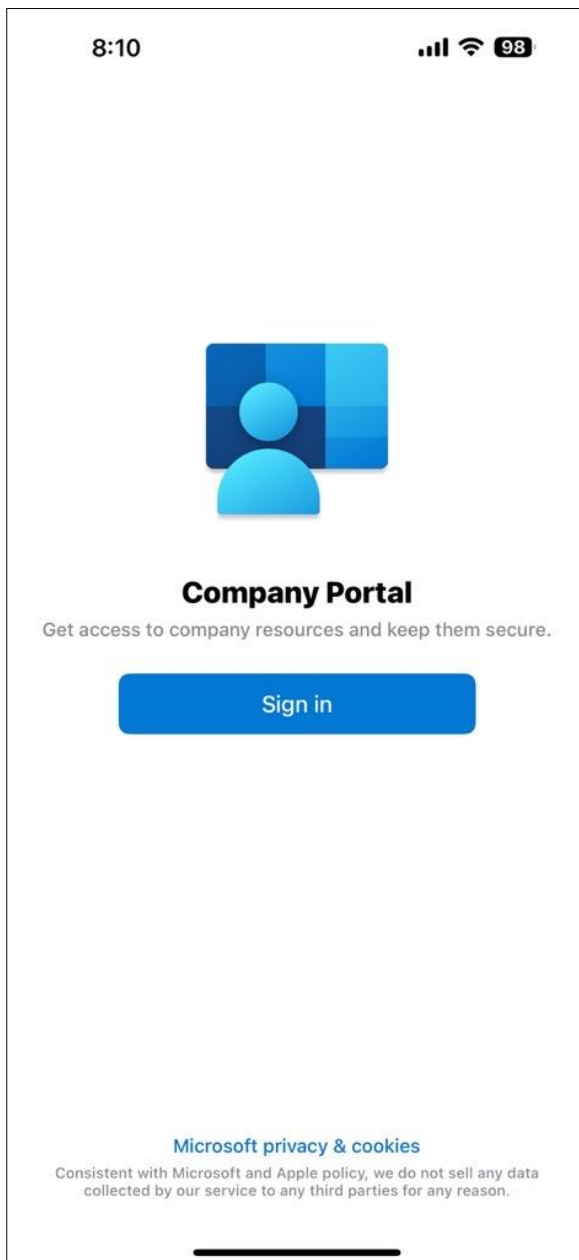

Follow below steps to search and download any UAEU Smart phone apps.

1- Search and download the internal store:

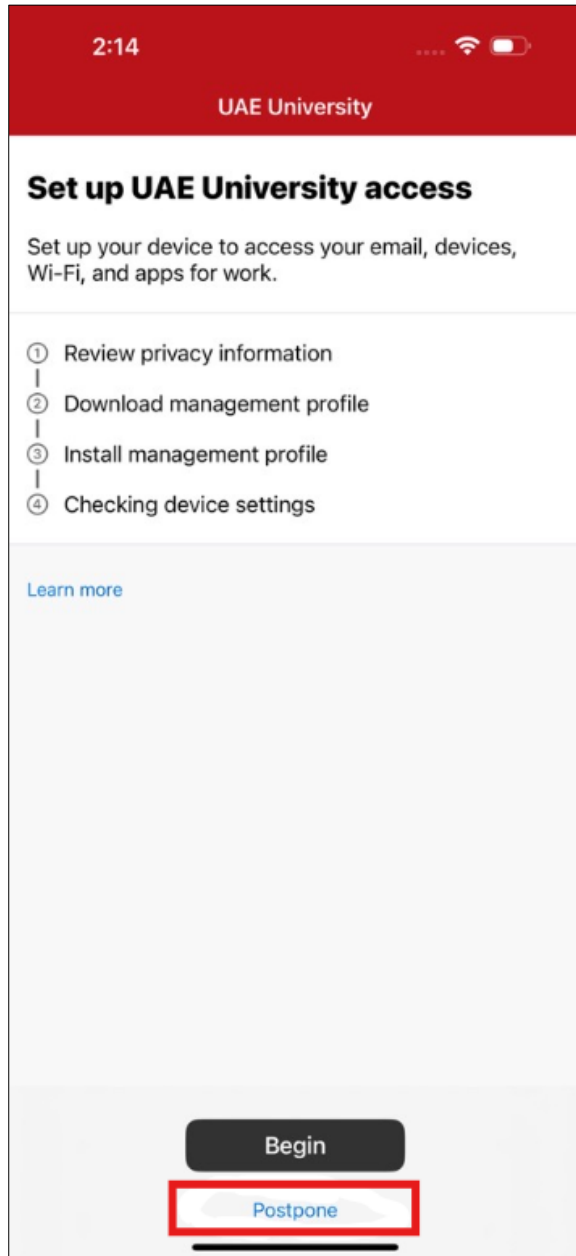

In your phone's **App store** or **Play Store**, search for **Intune Company Portal** then install it.

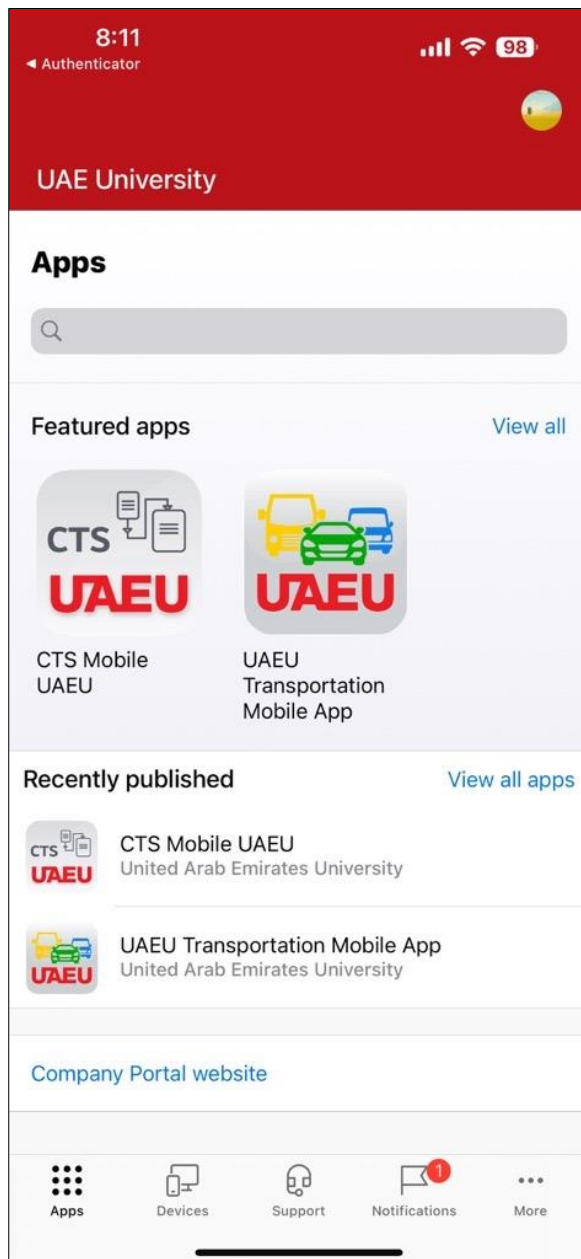

2- Open the newly installed **Intune Company Portal**. If prompted to **Sign in**, use your UserID/Password or UAE Pass and login as you normally login.

Depending on the device and OS version and type, you might see prompt to setup UAE University access. You can select **Postpone** (see below image). You can come back to the Setup later.

3- You should see **list of UAEU Mobile Applications** available for download (e.g. UAEU CTS, UAEU Transportation)

4- Select the Application you are interested in & Click **Install**
