UAEU 2014/15 AT A GLANCE

About UAEU

Since its establishment in 1976, the United Arab Emirates University (UAEU) has continued to be at the forefront of higher education. As a research-intensive university of international stature, UAEU works with its local and international partners to provide research solutions to challenges faced by the nation, the region and the world. The university has established research centers of strategic importance which are advancing knowledge in critical areas ranging from water resources to cancer treatments. UAEU is currently ranked the number one university in the UAE, number four in the GCC, and number 385 globally. UAEU continuously strives to provide the best education in the Middle-East. Its extensive degree programs challenge students to excel in their respective fields on an international level through its globally renowned faculty members and innovative and extensive curricula. In 2010, the university moved to a new state-of-the-art campus situated in Al Ain; the 'Garden City.' The 80 hectare campus is a showcase of modern architecture, high-tech laboratories, specialized research centers, cutting-edge IT infrastructure and twenty-first century classroom technology. The university enrolls more than 14,000 students from fifty nine countries and seeks to provide an outstanding experience for every student. Today, UAEU is recognized by the global community for its academic excellence, intercultural environment, and commitment to research. Our continuing investment in facilities, services, and staff ensure that UAEU will continue to serve as a model of innovation and excellence.
