Ground-breaking cancer research proves more promising than chemotherapy: UAE University

Published on 30 December 2018

The treatment of liver cancer through the golden spice of saffron has been proved to be effective, according to researchers and students at the United Arab Emirates University.

Honey has medicinal properties to fight cancer, says researcher

Published on 30 December 2018

Researcher Dr Rasha Al Haj said a substance in natural honey helped her cure three cancers - colorectal, breast and ovarian - back in her home country. Completing her PhD in bioengineering, the researcher received her patent from Imperial College London.
