UAEU

University vision

"Leadership and excellence in higher education and scientific research at the regional and international levels."

UAE study finds cancer fighting properties in saffron

January 5, 2016

UAE University scientists say tests on humans confirm the region's most popular spice limits growth of malignant cells, promotes cell death in tumours and reduces inflammation. Researchers at UAE University have found cancer-fighting properties in one of the region's most popular spices – saffron.

University Mission

"Make a positive contribution to the advancement of United Arab Emirates by preparing graduates for future leadership, providing quality education that meets international standards, developing research solutions in areas strategic to the nation, and collaborating effectively with other organizations to promote knowledge in the society."
