

## **Daily Monitoring Report**

Thursday 11/5/2017

### **University's Vision**

Leadership and excellence in higher education and scientific research at the regional and international levels.

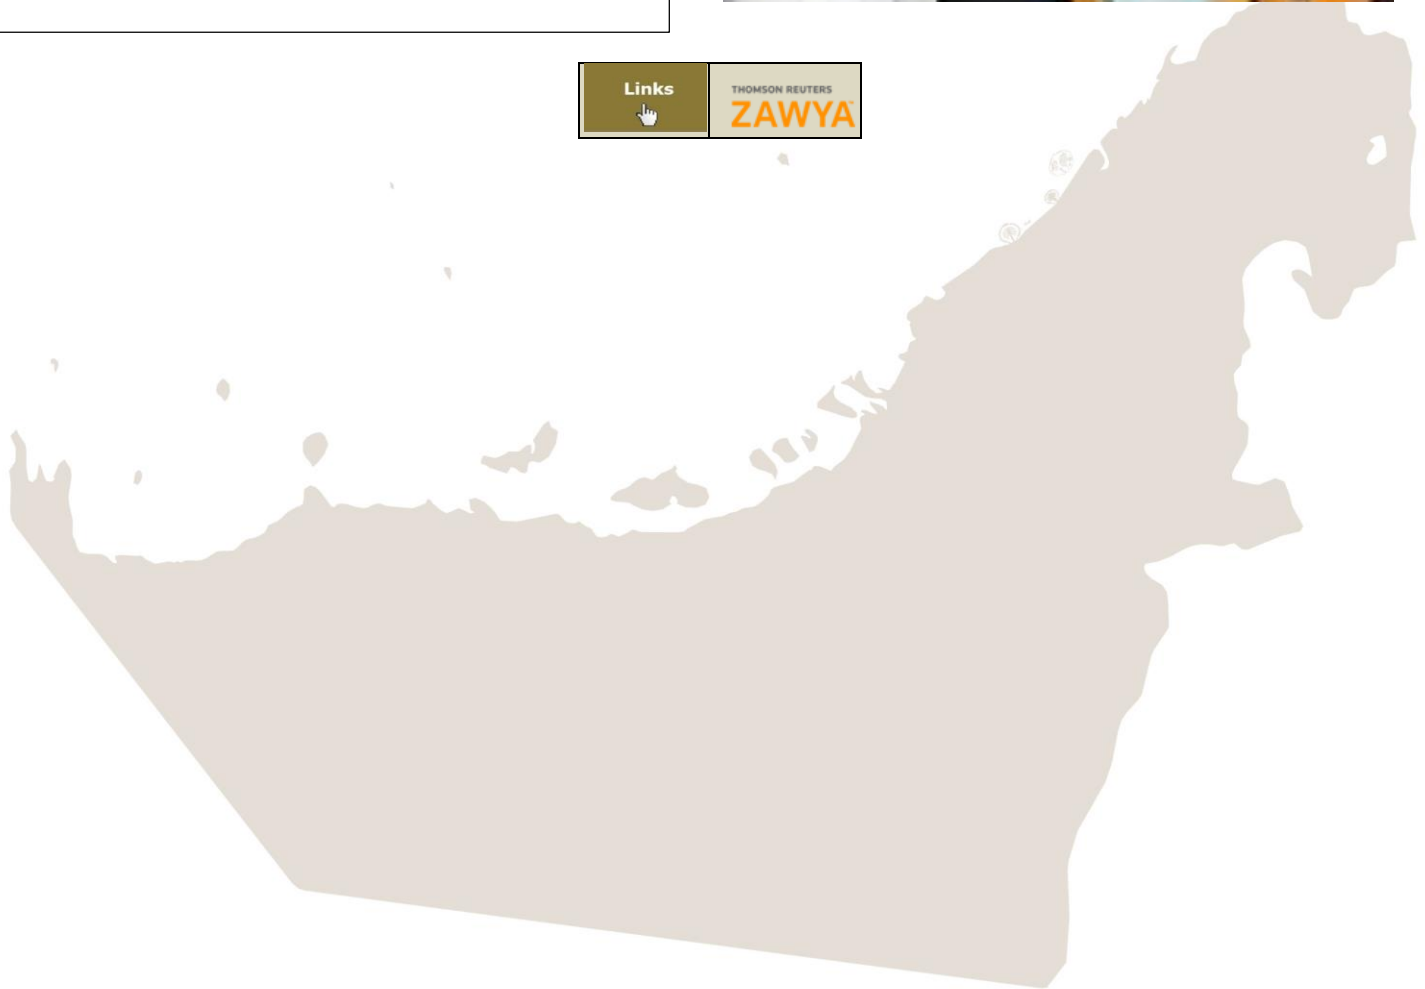

## **UAEU research project gets to the heart of the matter**

The university's College of Medicine and Health Services has, for the first time in its history, developed a "state of the art" electrophysiology system that is being used to analyse the impact of type 1 and type 2 diabetes on the heart's muscle cell
